

Whitemoor Academy (Primary & Nursery)

Financial Education Statement of Commitment

At Whitemoor we use Financial Education as a vehicle to provide our pupils with the best possible start in life, by helping them 'Take Care' when managing money.

This subject is a vital component in our rich, opportunity led, curriculum; equipping pupils with the knowledge and attitudes to use in an area that is of upmost importance to them, both now and in the future.

Our aim is to educate our young people so they possess the life skills and confidence needed to successfully earn and manage money.
